

Special Session on

The Power of Explainable AI: Unleashing GenAI, HAI, and XR Potential in Real World applications

ICDEC2024

September 18th -20th, 2024, at Erciyes University, Talas, Kayseri,
Turkey

Committee Members

Prof. Naren. J

Assistant Professor

Alliance School of Advanced Computing
Alliance University, Bangalore, Karnataka,
India.

Dr. D. Sumathi

Associate Professor

Alliance School of Advanced Computing
Alliance University, Bangalore, Karnataka,
India.

Paper Submission link:

<https://cmt3.research.microsoft.com/ICDEC2024>

- Demystifying Explainable AI: A Primer on XAI Techniques for Machine Learning and Deep Learning Models.
- Explainable Generative AI: Unveiling the Creative Process of Generative Models.
- Building Responsible AI Systems: Integrating Fairness, Accountability, and Transparency into GenAI and HAI.
- Explainable Deep Learning: Unveiling the Black Box for Improved Machine Learning Models.
- XAI for Real-World Decision Making: Explainable Machine Learning for Medical Diagnosis, Financial Risk Assessment, and More.

Important Dates:

- Paper Submission Opens: 1st Feb 2024
- Submission Deadline: 31st July 2024
- Paper Acceptance Date: 10th Aug 2024
- Registration Date: 15th Aug 2024
- Camera-ready Submission – 20th Aug 2024
